

## Multi spot kitesurfing adventure 10th to 19th February 2020 (THESE ARE IN COUNTRY TRIP DATES)

You know when your mind wanders to really special, life affirming times, a happy place if you like? Well, for myself and Adam Kenya is ours. Ad and I have spent months kiting and travelling this beautiful country and have spent the last few years devising a trip that gives our crew the opportunity to experience the awe inspiring magic that is Kenya.

We've selected our two favourite destinations, our favourite hotels, kite sessions, downwinders and even restaurants and have arranged this trip around the tides to offer an all new Kenyan kitesurfing holiday for 2020. There will be less traveling and changing of accommodation than previous trips which will equate to more time on the water and a trip which delivers a more rejuvenating experience, greater potential for progression and inclusivity.

This is a trip for Kings, Kitesurfkings (and Queens!)... you can choose your category ;) We have a dedicated team of drivers 24hrs a day for the full trip. We stay at our favourite beach front locations and eat at some of the finest restaurants (that bit's optional obvs). There's kiting straight from the beach and daily downwinders (again optional) in total paradise. We really get to experience some of the best that Kenya has to offer on this multi spot kitesurfing adventure and do it in style.

### Why so excited?

Kenya is stunning, the food is incredible and the kindness, warmth and laughs on tap from the Kenyan people is infectious... and the KITING! The twin tipping and hydrofoiling are dreamy and the strapless surfboard action is fully maximised with the amount of downwinders and the close proximity to the reef. We'd fuel up on the nicest food in beautiful surroundings, sometimes in-between downwinders and kite to and from other jaw dropping spots with pumping wind and idyllic conditions in a fun group who quickly become a very special kite family. Excited? Just a bit! Prior to this trip are the Zanzibar Discovery Trips (12th to 22nd Jan and 26th Jan to 5th Feb) - treat yourself and join Zanzi too!

### We've got it covered!

We are a solid team who know how to get the best out of one another, a group and the huge potential Kenya has to offer. We are truly passionate about what we do and how we do it. We only run this trip with a small group and we have full time experienced drivers/guides in country to give us maximum flexibility, full time beachside assistance and security. Benefit from our local knowledge, contacts, years of coaching, guiding and facilitating kitesurfing lessons and experiences for thousands of clients all over the world. You will receive expert advice, enjoy new enriching experiences and be part of a fun group of like minded individuals whilst staying at our favourite accommodations on the Kenyan coast and kiting to and from our favourite locations.

## More info

There are lots of great flight options into Mombasa where our adventures begin and end. We stay at the best accommodations right on the beach so there's no need for upgrades on this trip. In Mombasa we all have large, private rooms, balconies or terraces and air-conditioning with idyllic kiting straight off the beach. There's an ideal combination of flat water in the lagoon, waves breaking over the reef and dreamy downwinders.

Using Nyali as our base for three nights we travel north as far as Bomani, over 30 kilometres upwind, enabling us to downwind back to base. Our beautiful departure points on the north coast include a 14th century ruin, stunning white sand cove and restaurant. Arriving back at base we're greeted with warm smiles and intrigue by the locals enjoying the vibe of Nyali Beach and the raised beach bar from where we can enjoy the sunset and celebrate. Dining and going out around Mombasa is a lot of fun too and we'll be taking you to some of our favourite venues. What better place to begin and end our Kenyan adventure.

On day 4 we load the vans and take the ferry from Mombasa Island and over to Diani. We love Diani, especially the downwinders and secret spot, the downwinders are as awesome as the spot is stunning. There's the potential for perfect waves over the reef and some real adventuring on the numerous downwinders. There's super soft white sand and jaw dropping natural beauty.

Everything we could want is catered for right where we stay with all day kiting straight off the beach but also mind blowing sessions to be had near by. This is the best accommodation and spot we've had the pleasure of staying, hence we'll be spending 5 nights here. The setting is jaw dropping and it's an incredibly peaceful environment with the lush greenery and families of monkeys a perfect contrast to the white sands and turquoise waters. We've an awesome team looking after us and again there's a pool, air-con and all the trimmings with large rooms finished to the highest of standards. Only 10 rooms in total though, so we've blocked out the whole place and recommend getting your bookings in early! There's the potential for perfect waves over the reef and some real adventuring on the numerous downwinders.

There are fantastic restaurants and night life locally and we'll be maximising our team of dedicated drivers that we have 24hrs a day to take us to our favourite spots. There are also fun beach venues in walking distance of base and we'll be staying over the w'end, which is the best time on the beach for a little boogie or kicking back and soaking it all in with a cocktail or mocktail.

On day 9 we head back to Mombasa for further downwinder opportunities or kiting straight off the beach in Nyali then head out for some world class teppanyaki and sushi (all diets catered for). Day 10 there's the potential for more kiting depending on flight times then no doubt a teary "farewell" and "miss you already" to this incredible country.

There's so much to share about this wonderful trip, hopefully the photographs will tell a story of their own but they certainly don't do the trip justice. If you're interested then the best thing to do is get in touch ASAP for a chat.
