## Zanzibar Discovery Trip 28th January to 7th February 2024

It was wonderful to be in Zanzibar running our 2023 discovery trip after the enforced break. There really is no experience like it and the new venues, additions to our itinerary and a more laid back approach combined with lovely dudes and dreamy conditions equated to us all having the best time so we're heading back for 2024. Only one trip this time so book early! See our 2023 Discovery Trip video here: <https://vimeo.com/800609535>

### We're looking forward to...

The fun, the laughter and love, the kiting, surfing, SUPing, foiling, exploring and experiencing. Guaranteed sunshine, trade winds, white sand, flat turquoise water, reef breaks, kiting straight off the beach in front of our accommodation and near by lagoons. We're also getting excited thinking about the downwinders, boat trips, kite safaris, and progression sessions we'll be enjoying. The superb Zanzibar cuisine, live music, dancing, meals out and table banter. Each trip is different and each trip has been incredible! We've a brilliant base and team looking after us in Paje and you have two Kitesurfkings instructors flying out from the UK to take care of your every need.

### Kiting for all

We've worked hard to create the dream kitesurfing holiday that's open to everyone regardless of their level of experience and come up with a trip for you whether you're a none kiter or a kitesurfing pro. With two dedicated Kitesurfkings instructors and a dedicated KSK team in country anything's possible. Fancy an instructor led progression session or instructor led downwinder? Foil sessions, flat water twin tipping, winging, magical wave riding and dreamy downwinders. Foil before breakfast or enjoy a lie in. Kite the low tide or wait and watch the waves to come in. Being now 15 years in the making we've got the best of Zanzibar on offer.

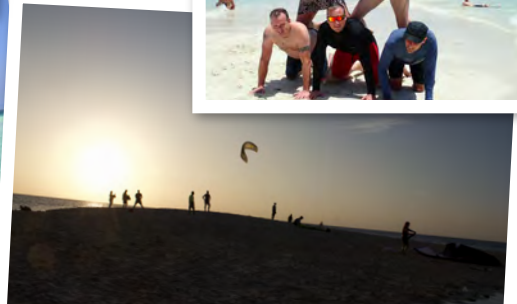

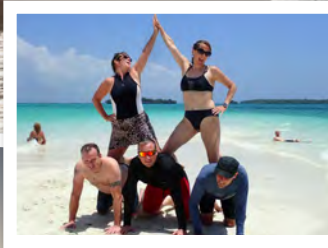

### Surf/SUP and Sail

Since launching Zanzibar Discovery trips in 2010, amongst other things, we've introduced surf/SUP and sail trips and the feedback's been brilliant. For 2024 you can surf or SUP out on the reef together as a group. We'll also be watching the forecasts and bringing you surf and SUP options when they are available or might fit in well with our trip. We'll also take out some traditional double outriggers for a sail.

An inclusive price of £1895 per person is based on the above itinerary and is inclusive of the massive room upgrade to include beach front air-conditioned suites. Single room supplements, drinks, meals, gratuities and flights are to be calculated separately.

## Accommodation

A big change has been that the trip price includes staying at our luxury accommodation, the newly renovated idyllic beach suites of Zula. All of the suites at Zula are air-conditioned and feature an en-suite bathroom, a balcony or terrace and seating areas inside and out. The changes made by the hotel's new owners are really impressive and have had real impact. Our favourite location has just got even better!

Zula also has a lush swimming pool, a private beach area, a perfect launch and landing space on the main beach and is directly next to the kite centre. This is all ideal but it does mean rooms will sell out fast which has been a catalyst for us now only offering one trip option for 2024. Seriously... book now!

## Progressive, inspirational and healthy

We love knowing that come winter and the new year we'll be spending so many hours on the water, in the sunshine and in great company. We find that the huge boost of positivity, power, health, energy and vibrancy that the Zanzibar experience creates, along with newly mastered skills and technique, continues throughout our year and helps us hit the UK waters running... kiting, SUPing and surfing.

There's so much to share about this wonderful trip, hopefully the photographs will tell a story of their own. Chat to anyone who's been on the trip and they'll sing its' praise.
