### We're looking forward to...

The fun, the laughter and love, the kiting, surfing, winging, foiling, exploring and experiencing. Guaranteed sunshine, trade winds, white sand, flat turquoise water, reef breaks, dreamy waves, kiting straight off the beach in front of our accommodation and near by lagoons. We're also getting excited thinking about the downwinders, boat trips, kite safaris, and progression sessions we'll be enjoying. The superb Zanzibar cuisine, live music, dancing, meals out and table banter. Each trip is different and each trip has been incredible! We've a brilliant base and team looking after us in Paje and you have two Kitesurfkings instructors flying out from the UK to take care of your every need.

### Kiting for all

We've worked hard to create the dream kitesurfing holiday that's open to everyone regardless of their level of experience and come up with a trip for you whether you're a none kiter or a kitesurfing pro. With two dedicated Kitesurfkings instructors and a dedicated KSK team in country anything's possible. Fancy an instructor led progression session or instructor led downwinder? Foil sessions, flat water twin tipping, winging, magical wave riding and dreamy downwinders. Foil before breakfast or enjoy a lie in. Kite the low tide or wait and watch the waves come in. Being now 16 years in the making we've got the best of Zanzibar on offer.

### Surf and Sail

Since launching Zanzibar Discovery trips in 2010, amongst other things, we've introduced surf and sail trips and the feedback's been brilliant. We take boats out onto the reef with some awesome surf instructors, match you with the right sized waves and coaching whilst still being able to surf together as a group. Sailing traditional double outriggers (ngalawa's) is another way we connect with the elements and hone our skills whilst sharing stoke in paradise.

An inclusive price of £1980 per person is based on the above itinerary and is inclusive of the massive room upgrade to include beach front air-conditioned suites (+ price increase for 2025). Single room supplements, drinks, meals, gratuities and flights are to be calculated separately.

## Accommodation

A big change has been that the trip price includes staying at our luxury accommodation, the newly renovated idyllic beach suites of Zula. All of the suites at Zula are air-conditioned and feature an en-suite bathroom, a balcony or terrace and seating areas inside and out. The changes made by the hotel's new owners are impressive and have had massive impact. An exceptional team, level of service and standards. Our favourite location has just got even better!

Zula also has a lush swimming pool, a private beach area, a perfect launch and landing space on the main beach and is directly next to the kite centre. This is all ideal but does equate to limited availability as rooms sell out fast. We need to get names down ASAP to guarantee rooms.

## Progressive, inspirational and healthy

We love knowing that come winter and the new year we'll be spending so many hours on the water, in the sunshine and in great company. We find that the huge boost of positivity, power, health, energy and vibrancy that the Zanzibar experience creates, along with newly mastered skills and technique, continues throughout our year and helps us hit the UK waters running... kiting, SUPing and surfing.

Adam and myself have spent most of our lives travelling, kiting and coaching. I've been arranging bespoke kitesurfing holidays for over 20 years and this Zanzibar trip is my favourite.
